Fall 2016 Selection Guide

Indiana
FURNITURE

Clearly green

level®, BIFMA's sustainability certification program for furniture, is a comprehensive and transparent third-party certification program. The level mark attests that the product, the manufacturing facility, and the company responsible for the product brand, have been evaluated against the multi-attribute criteria of the ANSI/BIFMA e3 Furniture Sustainability Standard. Products certified under the level program can be chosen with confidence. All Indiana Furniture casegoods and seating solutions are BIFMA level® 2 Certified.

A number of Indiana Furniture products have achieved Intertek's ETL Environmental VOC Certification and are recognized as products that safeguard indoor air quality. The certification — which extends to Elevate, Gesso, Revolutions, Madera, Resilience, Canvas, all Conference, Reception and Seating solutions, demonstrates that Indiana Furniture's products conform to the ANSI/BIFMA Furniture Emissions Standards (M71./X71-2011) for Office Furniture Systems and Components. They also earn points for LEED Credit 4.5.

Once cured by UV lighting, our UVAdvantage® finish does not emit irritable toxins, formaldehyde, or solvents into the air creating safe work environments within new furniture installations. This has allowed us to earn Indoor Air Quality Certification on our products with UVAdvantage finish. Our UVAdvantage finish process greatly reduces hazardous air pollutants which contribute to smog formation. Excess UV finish is recaptured over and over again reducing waste material within our facilities.

Forest Stewardship Council® (FSC®) Chain-of-Custody(CoC) Certification is an assurance that wood based materials used in products come from forests that meet stringent environmental, social, and economic standards. It is the path taken by raw materials from the forest to the consumer, including all successive stages of harvesting, processing, manufacturing and distribution. Only products from FSC CoC companies can claim the FSC designation, assurance of a socially and environmentally responsible purchasing decision. FSC CoC Certification is recognized by the U.S. Green Building Council's (USGBC) LEED Rating System for environmentally focused design. From a customer perspective, the FSC label represents a promise made; CoC standards are the mechanism FSC uses to ensure that promise is delivered. Indiana Furniture has been awarded FSC CoC Certification, by GFA Certification GmbH, an independent third-party accredited by the FSC to certify companies to their international standards. Indiana Furniture's FSC certificate number is GFA-COC-002183 and the FSC license code is FSC-C110951. FSC-certified products can be requested at the time of order for most Indiana Furniture products.
