

PEGASUS

Pegasus is a versatile and sophisticated executive table choice. It comes in a range of dimensions and forms and is ideally suited to meeting, conference and boardroom spaces.

Table top surfaces can be specified in either veneer or melamine and may be specified with either a square or reverse-chamfered edge detail.

The elegant cast Aluminum angled leg comes as standard in polished Aluminum.

The profile includes discreet and integrated table top power and data connection points, with vertical cable management and adjustable feet as standard.
